INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Regents
University of Minnesota
Minneapolis, Minnesota

We have audited the consolidated financial statements of the University of Minnesota (the "University") as of and for the year ended June 30, 2011, and have issued our report thereon dated October 28, 2011. We did not audit the financial statements of the discretely presented component units. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to amounts included for discretely presented component units, is based solely on the reports of other auditors. Our report on internal control over financial reporting and compliance and other matters does not include the results of the component units' audits performed by other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

Management of the University is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over financial reporting.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as described above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Regents, the audit committee, management, federal awarding agencies, state funding agencies, and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Regents
University of Minnesota
Minneapolis, Minnesota

Compliance

We have audited the University of Minnesota's (the "University") compliance with the types of compliance requirements described in the *Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2011. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the University's management. Our responsibility is to express an opinion on the University's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the University's compliance with those requirements.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the University's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as described above.

Schedule of Expenditures of Federal Awards

We have audited the consolidated financial statements of the University as of and for the year ended June 30, 2011, and have issued our report thereon dated October 28, 2011. Our audit was performed for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis, as required by OMB Circular A-133, and is not a required part of the consolidated financial statements. Such information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole.

This report is intended solely for the information and use of the Board of Regents, the audit committee, management, federal awarding agencies, state funding agencies, and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

UNIVERSITY OF MINNESOTA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the University of Minnesota (the "University") and is prepared on the cash basis of accounting. The information presented in the Schedule is presented in accordance with the requirements of the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in, the preparation of the University's consolidated financial statements.

The University passes through certain funds to subgrantee organizations. Expenditures incurred by the subgrantees and reimbursed by the University are presented in the Schedule but not in the consolidated financial statements of the University. The University is also the subrecipient of federal funds, which have been subject to testing and are reported expenditures included as pass-throughs in the Schedule.

2. FACILITIES AND ADMINISTRATIVE RATES

The University utilized facilities and administrative rates that have been negotiated with and approved by its cognizant agency, the U.S. Department of Health and Human Services, and are effective for the period of July 1, 2007 through June 30, 2011.

3. CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) NUMBERS

Some of the program, grants, and/or other awards included in the Schedule are contracts, which do not report CFDA numbers. The expenditure amounts related to these programs, grants, and/or other awards have been reported, generally, at an agency level.

4. FEDERAL PERKINS LOAN PROGRAM

Amounts reported in the Schedule for the Federal Perkins Loan Program represent administrative and collection costs. Outstanding loans at June 30, 2011, under the Federal Perkins Loan Program were \$37,458,547. New Federal Perkins Loans of \$5,510,295 were advanced to students during the year ended June 30, 2011.

5. NEGATIVE EXPENDITURES

Within the Schedule there are negative amounts which represent a true-up of the grants awards received versus the expenditures incurred. The negative amounts also remove the need for any reconciliation necessary for the federal agencies.

6. RECONCILIATION OF FEDERAL AWARDS TO THE CONSOLIDATED FINANCIAL STATEMENTS

The following schedule is a reconciliation of total expenditures as shown on the Schedule to the general ledger accounts included in the operating expenses reported on the consolidated statement of revenues, expenses and changes in net assets for the year ended June 30, 2011, which is included as part of the University's consolidated financial statements.

Schedule of expenditures of federal awards	\$ 1,184,094,220
Federal loan program amounts provided by Student Finance Office not directly included on the consolidated financial statements (Federal Direct Loan Advances-CFDA 84.268, Federal Work Study-CFDA 84.033, Pell Grant Program-CFDA 84.063, SEOG-CFDA 84.007, ACG-CFDA 84.375, SMART-CFDA 84.376, TEACH-CFDA 84.379 and Health Professions Student Loans-CFDA 93.342)	\$ (491,606,946)
Expenditures of federal program dollars included in consolidated operating expenses	63,490,720
Less expenditures not included on the consolidated statement of revenues, expenses, and changes in net assets (equipment, buildings, and structures)	(157,068,702)
Difference of prior-year overdrafts added back and current-year overdrafts subtracted out	996,152
Adjustments for expenditures of federal program dollars included in consolidated operating expenses and/or expenditures of non-federal program dollars included in consolidated operating expenses	216,633
Less cash to accrual basis adjusting journal entries (year-end close)	(6,812,558)
Less federal pass-through grants not on the consolidated statement of revenues, expenses, and changes in net assets	<u>(93,448,637)</u>
Subtotal A-133 expense adjustments in federal fund class	(684,233,338)
Expenditures of non-federal dollars included in consolidated operating expenses	2,673,946,426
Internal sales included in consolidated operating expenses	(210,122,478)
Depreciation included in consolidated operating expenses	163,688,584
Non-depreciation and internal sales accrual basis adjusting journal entries (year-end close)	<u>(241,349,695)</u>
Total operating expenses as shown on the consolidated statement of revenues, expenses and changes in net assets for the year ended June 30, 2011	<u>\$ 2,886,023,719</u>

UNIVERSITY OF MINNESOTA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

SECTION I — SUMMARY OF AUDITORS' RESULTS

Financial Statements

- A. Type of auditors' report issued: Unqualified
- B. Internal control over financial reporting:
- Material weakness(es) identified? _____ yes X no
 - Significant deficiency(ies) identified? _____ yes X none reported
- C. Noncompliance material to financial statements noted? _____ yes X no

Federal Awards

- D. Internal control over major programs:
- Material weakness(es) identified? _____ yes X no
 - Significant deficiency(ies) identified? _____ yes X none reported
- E. Type of auditors' report issued on compliance for major programs: Unqualified
- F. Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of Circular A-133? _____ yes X no
- G. Identification of major programs:

CFDA Number	Name of Federal Program or Cluster
Various	Research and Development Cluster*
Various	Student Financial Aid Cluster*
84.394	State Fiscal Stabilization Fund (SFSF) — Education State Grants, Recovery Act
98.CXX	Contract — United States Agency for International Development
10.561	State Administrative Matching Grants for the Supplemental Nutrition Assistance Program
93.701	Trans-NIH Recovery Act Research Support
93.703	ARRA Grants to Health Center Programs

*This program has various and unidentified CFDA numbers.

- H. Dollar threshold used to distinguish between Type A and Type B programs: \$3,552,283 for Type A Programs
\$355,228 for Type B Programs
- I. Auditee qualified as low-risk auditee? X yes _____ no
